## 2015 MCLAREN P1 GTR

The **McLaren P1 GTR** is the most hardcore and aggressive car that **McLaren Automotive** has ever produced.

The **P1 GTR** pushes everything to the limit. The mid-mounted powerplant has an output of **1,000PS** and includes an ERS-style push-to-pass system.

The large fixed rear wing features a Formula 1 derived **Drag Reduction System**. The wing mirrors have been positioned to the A pillars to put them close to the eye line of the driver and to **reduce aerodynamic drag**.

The car sits at a fixed ride height on race-prepared suspension over 19-inch **motorsport alloy wheels**. Below the rear wing is the exposed, centrally mounted inconel and titanium alloy exhaust.

The **McLaren P1 GTR** is one of the most technically complex cars ever created, the systems all work together to deliver both performance and driver reward.

Everything is focused on putting the driver at the **heart of the dynamic experience**.
