HISTORY

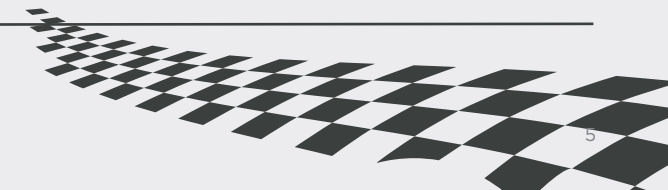

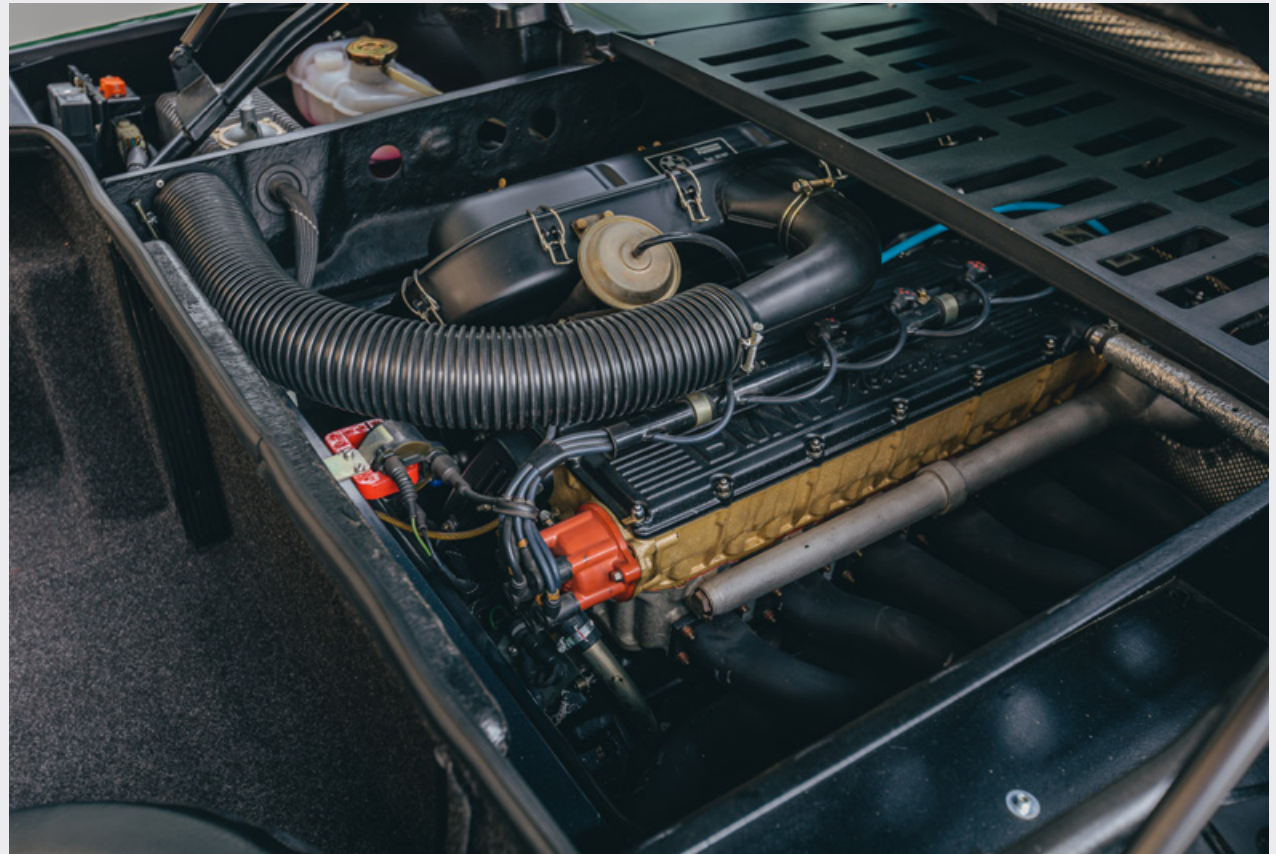

- The car's first registration is dated on 9/06/1980.
- It was sold brand-new to a French dentist by the BMW dealer of Besançon. He kept it until his death in 2007. The car was then kept in a shed until 2015 when the heirs put it up for sale as is where is via the auction company Chayette et Cheval.
- The second and last owner bought it at that time. It was a "barn find" car covered with dust. It was in its original paint (midnight blue).

RESTORATION

- We have proceeded to a total “bare body” restoration.
- The supervisor of this restoration was Pascal Obrecht, from Seven Classic.
- Everything has been revised as new:
chassis, running gear and suspension, engine, gearbox, clutch, gearbox, tank, hoses, etc, with original parts (many of them are specific to the M1 and very difficult to find).
- The engine has been completely dismantled and renovated by WS compétition, specialist of BMW mechanics.
- The ZF gearbox was rebuilt by ZF specialist GR BOX, in Italy.
- The bodywork and painting were entrusted to LPCP and Ponce, the saddlery was done by Dominique Bonfils, from the Mont Ventoux saddlery.
