2019 Porsche 911 Speedster

2019 Porsche 911 Speedster

Unveiled in 2018 to celebrate **70 Years of Porsche Sports Cars** the Porsche Speedster acquired the developments made with the **911 R** and **911 GT3** to create a true drivers car. It took two main ingredients, a manual gearbox and a high revving naturally aspirated straight six engine. With historical ties to the original **1954 Porsche 356 Speedster** the new car is a true spiritual successor. The double-bubble streamliners behind the driver's seat can trace its roots back to the **1988 911 Speedster**, clearly this a car with many references to the past.

2019 Porsche 911 Speedster

Only **1,948 models** have been manufactured for this exclusive car. Real attention and development has been paid to make the car **as light as possible** with extensive use of carbon fibre both in the interior and exterior of the vehicle. This car has been specified with the optional jet black metallic paint which contrasts beautifully with the fabric roof and dark black wheels. The interior also has the optional **leather pack** which compliments the carbon fibre interior trim pieces.

With a reading of **only 361 km** on the odometer and having numerous optional extras, both inside and out, makes this car an extremely enticing vehicle. A worthy addition to any **collector's garage**.

2019 Porsche 911 Speedster

A focused interior with **elegant touches** emphasizes its lightweight and minimalism approach. Fabric door pull handles and carbon fibre touches throughout the cabin reveal its **sporty demeanor**. Optioned with both satellite navigation and air-conditioning along with the optional leather pack makes for a most **pleasant cruising experience**.

2019 Porsche 911 Speedster
