# The world's fastest family has done it again!

This year the Boutsen VDS team, participating in 2 championships (Fanatec GT World Challenge & Lamborghini Super Trofeo), the team brought home 3 titles.

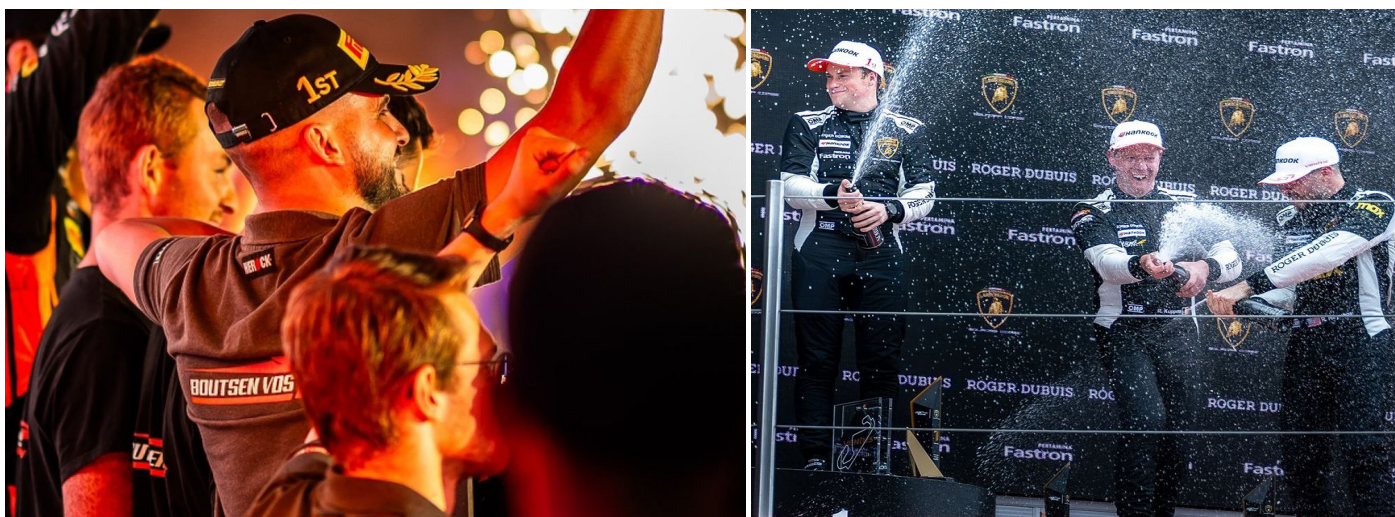

At the end of November, the 6th and final round of the **Lamborghini Super Trofeo championship** took place on the Jerez circuit in Spain. This was the playground for the European championship final and the world final, where the champions of Asia, Europe and the USA faced off.

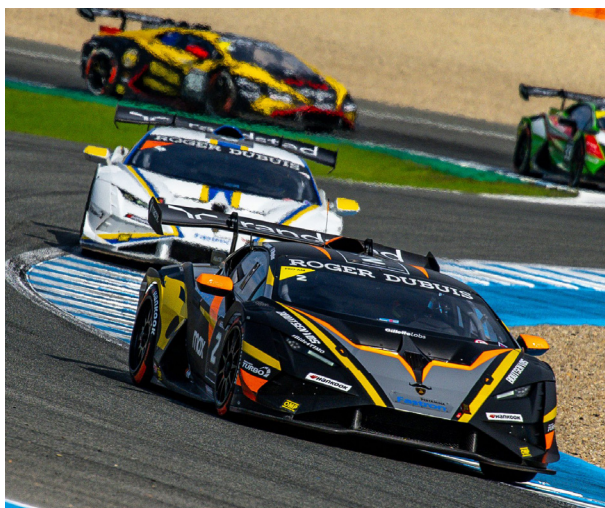

Despite the dreadful weather conditions, drivers **Renaud Kuppens** and **Roee Meyuhas** held their nerve to pick up points, which combined with their season's 8 podium finishes, earned them the title of European Vice-Champion in the Pro-Am category.

**Renaud Kuppens** contested the two rounds of the world final against competitors from all over the world. His pole, victory and 2nd-place podium finish made him World Champion in the AM category. Elation and emotion defined the day as it all came to an end.
